Mississippi Revolver Association

April 2008

The Match that Almost Wasn't

Low Turnout - April saw the lowest turnout of revolver shooters in the two year history of the association. A large group went to shoot an IPSC match in Gonzales, LA to prepare for the Mississippi Classic IPSC match. And the cowboys were having their annual state match this same weekend.

Congratulations go to **Matt Moorer** for his first ICORE match win! Way to Go Matt! Is that 8-shot on order yet?

Squading was a cinch and Glenn declared this a free match. Set up of the 4 good stages was complete by 7:50 thanks to everyone pitching in. The match was over and lunch at McAlister's was finished by 12:30.

Outlaw Steel – The next steel match is Saturday June 14th. Yes, stage designs are always accepted. If you come up with a stage idea, pass it to me ASAP. Check out the steel page to the revolver web site where you can find additional information. http://msrevolver.com/outlaw_steel

Volunteers for monthly match directors

Volunteers Needed! It's wide open now. Pick your month...some like it hot...some like it cold...some like to put it off as long as possible and others want to get it over with quick. Your choice...spin the cylinder and slam it closed. (Oh yeah, if there are a couple of people who have never done something like this and would like to buddy up with someone just let me know).

Responsibilities: Hold pre-match meeting to establish stages, assure props/targets are ready before match, organize set-up, hold shooter's meeting, verify score sheets, enter scores into computer, print results, assure tear-down is complete and all equipment is properly stored, assist with creating/distribution of newsletter and mailing classifiers to ICORE.

You will not be doing this alone! Everyone is still expected to help with creating stages; set-up/tear-down and Glenn will walk you through the other parts. This is your opportunity to help advance/grow the program and learn a few administrative duties along the way.
